Article 7. Right of information prior to the holding of the general meeting

1. The Company will fulfil the information obligations legally established in favour of shareholders via its corporate website, without prejudice to the use of any other means for this purpose. The Company will disclose the conditions and procedures for admitting share ownership, the right to attend general meetings and the exercise or delegation of voting rights, and display them permanently on its website. This does not affect the right of shareholders to request information in writing in accordance with the legislation in force.
2. From the day of publication of the call of the general meeting until and including the fifth day prior to the day it is set to be held on first call, the shareholders in writing may request such information or clarifications as they may deem to be necessary, or pose written questions they deem to be pertinent to the matters on the agenda. The shareholders, within the same term and in the same manner, may request information or clarifications or pose questions in writing regarding information accessible to the public that has been provided by the Company to the National Securities Market Commission (Comisión Nacional del

Mercado de Valores) since the holding of the most recent General Meeting, as well as regarding the auditor's report.

3. All of these information requests may be made by delivery of the request to the registered office or by sending it to the Company by mail or by electronic or remote means of communication, to the address stated in the corresponding notice of call. An electronic document requesting information must include the electronic signature or other form of identification of the shareholder, on the terms set by the board of directors in a resolution adopted for that purpose to give this form of information request appropriate guarantees of authenticity and identification of the shareholder exercising its information right. The shareholder has the burden of proving the request was sent to the Company in proper form on a timely basis. The Company's website (www.bankia.com) will provide appropriate explanations regarding exercise of the shareholder's information right, on the terms contemplated by law.

Communications between the Company and shareholders, including the sending of documents and information, may be done by electronic means if this has been expressly accepted by the shareholders.

4. The directors will be required to deliver the information requested pursuant to the preceding paragraphs in the manner and within the term contemplated by law, except in those cases in which:
 - a) The request was made by shareholders representing less than twenty-five percent of share capital.
 - b) The information is not necessary for safeguarding the shareholder's rights.
 - c) There are objective reasons for considering that the information could be used for non-corporate purposes or that disclosing the information could be harmful to the Company or related companies.
 - d) The request for information or clarification does not relate to matters on the agenda or information accessible to the public provided by the Company to the National Securities Market Commission since the holding of the most recent General Meeting.
 - e) The information for any reason may be considered to be abusive or contrary to the principle of equal treatment of all shareholders.
 - f) It is so provided by legal or bylaw provisions.

Similarly, if prior to the submission of a specific question, the requested information is clearly, expressly and directly available to all shareholders on the Company's website in question and answer format, the directors may limit their response to referring to the information provided on the website.

5. The board of directors may authorise any of the directors or its secretary, for and on behalf of the board, to respond to information requests made by the shareholders.
6. Valid requests for information or clarification and questions submitted in writing, and the answers provided by the directors in writing, shall be posted on the Company's website.

5.3 Amendment of article relating to the holding of the general meeting:

Article 11. Holding the general meeting

1. There will be a quorum for the general meeting on first call provided that shareholders of the minimum percentage of subscribed voting capital in each case required by the law or Bylaws are present in person or by proxy. If there is no sufficient quorum, the general meeting will be held on second call.
2. In particular, if the meeting is called upon to deliberate on amendments to the bylaws, including capital increases and decreases, on the transformation, merger, spin-off, bulk assignment of assets and liabilities and the transfer of the registered office abroad, on the issue of debentures for which the general meeting has authority according to the law or on the elimination of, or restrictions on, preferential subscription rights, it will be necessary, on first call, for shareholders representing at least fifty percent of the subscribed voting capital to be present. If there is not a sufficient quorum, the general meeting will be held on second call, it being sufficient that twenty-five percent of the aforesaid capital be in attendance.

If it is necessary to hold the meeting in separate rooms, audiovisual means will be provided allowing real-time intercommunication and, therefore, unity of action.

6. **Delegation to the Board of Directors of the authority to increase the share capital by up to a maximum of 50% of the subscribed share capital, by means of one or more increases and at any time within a maximum of five years, by means of cash contributions, with authority, if applicable, to disapply preferential subscription rights up to a maximum of 20% of share capital, annulling the delegation of authority conferred at the previous General Meeting.**

To delegate to the Board of Directors, in accordance with article 297.1.b) of the Corporations Act, the authority to increase, on one or more occasions, the share capital of the Company by a maximum amount of up to 50% of the capital at the date of this authorisation, that is, the amount of nine billion two hundred thirteen million eight hundred sixty-two thousand eight hundred thirty-five euros and twenty euro cents (€9,213,862,835.20).

Such capital increase or increases, if any, as may be resolved must be implemented within a maximum term of five years from this date.

The aforesaid increase or increases of share capital may be undertaken with or without issue premium, either by increasing the nominal value of the existing shares in accordance with the requirements contemplated by law, or by the issue of new shares, ordinary or preferred, with or without votes, or redeemable shares, or any others permissible in law, or multiple forms at the same time, the consideration for the new shares or the increase of the nominal value of the existing shares being cash contributions.

It is also resolved to authorise the Board of Directors so that, in all matters not provided for, it may fix the terms and conditions of the increases of share capital and the characteristics of the shares, as well as offer the new shares not subscribed within the term or terms for exercise of preferential subscription rights without any restriction. The Board of Directors also may establish that, in the event of incomplete subscription, the

share capital will be increased only by the amount of the subscriptions made, redrafting the corresponding article of the Bylaws related to share capital and the number of shares.

The amount available from time to time of the maximum amount referred to above will be deemed to include the amount of such capital increases as may be made for the purpose of covering conversion of debentures, by resolution of the Board of Directors in exercise of the authority delegated by the General Meeting of the Company.

By virtue of this authorisation, the Board of Directors also is authorised to seek admission to trading on secondary markets, official or not, organised or not, domestic or foreign, of the shares issued by virtue of this authorisation, and take the steps and actions necessary to obtain such admission to trading before the competent authorities of the various securities markets.

The Board of Directors is expressly given the authority to disapply the right of preferential subscription, in whole or in part, up to a combined maximum nominal amount equal to 20% of the share capital in relation to all or any of the issues it resolves on the basis of this authorisation, in accordance with the provisions of article 506 of the Corporations Act, also including disapplication of preferential subscription rights within the context of issue of securities under point 7 of the agenda.

In any event, if the Board decides to disapply preferential subscription rights regarding any or all of the aforesaid capital increases, it will issue at the time of adopting the corresponding resolution to increase capital a report stating the specific reasons in the Company's interest justifying that measure, which will be subject to the corresponding report of an expert other than the statutory auditor. Said reports will be made available to the shareholders and communicated to the first General Meeting held after the issue resolution.

The Board of Directors also is authorised to delegate to such director or directors as it deems to be appropriate the authority granted by virtue of this resolution in accordance with the provisions of article 249.bis I) of the Corporations Act.

It also is resolved to authorise the Board of Directors, as amply as legally possible, with authority to subdelegate this power to any of the directors of Bankia, so that any of them, without distinction, may take such actions as may be necessary and grant and formalise such documents and contracts, public or private, as may be necessary or appropriate for full effectiveness of the foregoing resolutions, as regards any aspects or content thereof, in particular to correct, clarify, interpret, complete, specify and implement the resolutions adopted; and also to cure such defects, omissions and errors as may be found in the verbal or written review of the Commercial Registry, all of the foregoing on the broadest terms possible.

It is noted that the relevant report of the directors explaining the reasons for the proposed authorisation to increase share capital has been made available to the shareholders.

This delegation of authority to the Board of Directors replaces the delegation granted by the General Meeting of Shareholders of the Company held on 22 April 2015, which will therefore be rendered void.

7. **Delegation to the Board of Directors of the authority to issue, within a maximum term of five years, securities convertible into and/or exchangeable for shares of the Company, as well as warrants or other similar securities that may directly or indirectly entitle the holder to subscribe for or acquire shares of the Company, for an aggregate amount of up to one billion five hundred million (1,500,000,000) euros; as well as the authority to increase the share capital in the requisite amount, and the authority, if applicable, to disapply preferential subscription rights up to a maximum of 20% of share capital.**

To authorise the Board of Directors in accordance with the general scheme for issue of debentures and under the provisions of articles 286, 297, 417 and 511 of the Corporations Act and 319 of the Commercial Registry Regulations, as well as in articles 13, 17, 18 and 21 of the Bylaws, to issue negotiable securities in accordance with the following terms:

- a. Securities to be issued. Debentures and bonds exchangeable for shares of BANKIA or any other company, whether or not a member of its Group, and/or convertible into shares of BANKIA, as well as warrants (options to subscribe new shares of BANKIA or acquire existing shares of BANKIA or any other company, whether or not a member of its Group).
- b. Term of the delegation. The issuance of the securities under this authorisation may be carried out in one or more issues within a maximum term of five years reckoned from the date this resolution is adopted.
- c. Maximum amount. The total maximum amount of the issue or issues of securities will be one billion five hundred million (1,500,000,000) euros or its equivalent in other currencies. For purposes of calculation of the aforesaid maximum, in the case of warrants the sum of premiums and exercise prices of the warrants of the issues resolved under this delegation will be taken into account.
- d. Scope of the delegation.- The Board of Directors, under the authorisation approved in this resolution, will have authority, by way of illustration and without limitation, to determine for each issue the amount, subject to the aforesaid overall quantitative limit, the place of issue – domestic or foreign – and the currency, with the euro equivalent thereof in the case of foreign-denominated issues; the name or type, whether bonds (*bonos*) or debentures (*obligaciones*), including subordinated instruments, warrants (which may be settled by physical delivery of shares or for cash differences), or any other legally admissible type; the issue date or dates; the number of securities and their face value, which in the case of convertible and/or exchangeable bonds or debentures cannot be less than the nominal value of the shares; in the case of warrants and comparable securities, the issue price and/or premium, the exercise price –which may be fixed or variable– and the procedure, time frame and other conditions governing exercise of the subscription right for the underlying shares or, if applicable, the disapplication of said right; the fixed or variable interest rate, dates and procedures for coupon payments; whether they are perpetual or redeemable, and, in the case of the latter, the redemption period and date or dates of maturity; the guarantees, redemption rates, premiums and bonuses; the form of representation, whether certificates or book entries; the anti-dilution clauses; the subscription scheme; the rank of securities and any subordination clauses; the law applicable to the issue; to request, if applicable, to have the issued securities admitted to trading on secondary markets, official or unofficial, organised or over the counter, domestic or foreign, subject to the pertinent the legal requirements that apply in each case; and, in general, any other condition of the

issue, and, if applicable, appoint the commissioner of the syndicate of holders of the securities issued and approve the fundamental rules that will govern legal relationships between BANKIA and the syndicate, if required or if it is decided to form said syndicate.

Likewise, the Board of Directors is empowered, when deemed appropriate, and subject to obtaining the applicable approvals and resolution from the assemblies of the relevant syndicates of securities holders, to modify the conditions of the redemption of the issued fixed income securities and their respective maturities and interest rates, which, where appropriate, result from each of the issues carried out under this authorisation.

- e. Bases for and forms of conversion and/or exchange. For issues of convertible and/or exchangeable bonds or debentures, for purposes of determining the terms and methods of conversion and/or exchange, it is resolved that the following criteria be applied:
- (i) The securities issued under this resolution will be exchangeable for shares of BANKIA or any other company, whether or not a member of its Group, and/or convertible into shares of BANKIA, using a determined or determinable fixed or variable conversion and/or exchange ratio, the Board of Directors being authorised to determine whether they are convertible and/or exchangeable, and to determine if they are convertible and/or exchangeable on a mandatory or voluntary basis, and if voluntary, at the option of the holder or BANKIA, with the regularity and over the term established in the issue resolution, which may not exceed thirty (30) years after the issue date.
 - (ii) The Board may also decide, in the event that an issue is convertible and exchangeable, that the issuer reserves the right to choose at any time between a conversion to new shares or their exchange for outstanding BANKIA shares, specifying the nature of the shares to be delivered when executing the conversion or exchange, and may also choose to deliver a combination of newly issued shares and pre-existing BANKIA shares, and may also opt to settle the difference in cash. In any event, the issuer must respect the principle of equal treatment among all fixed income securities holders who convert and/or exchange their securities on the same date.
 - (iii) For purposes of the conversion and/or exchange, the securities will be measured at their face value and the shares at the fixed exchange rate established in the Board of Directors resolution approved under this authorisation, or at the variable exchange rate to be determined on the date or dates indicated in the Board resolution itself, on the basis of stock market trading price of the BANKIA shares on the date(s) or in the period(s) taken as reference in that resolution. In any event the fixed exchange ratio thus determined shall not be less than the average price of the shares in the Continuous Market (Mercado Continuo) of Spanish stock exchanges on which the BANKIA shares are traded, as per the closing prices, during a period to be determined by the Board of Directors of no longer than three months and no shorter than five calendar days preceding the date the Board of Directors adopts the resolution to issue the fixed-income securities or preceding the date on which the subscribers pay for the shares, with a premium or, if applicable, a discount on that price per share, although no discount fixed on the share price may be greater than 30% of the value of the shares taken as

reference in accordance with the above. In addition, a minimum and/or maximum reference price may be set for the shares for purposes of their conversion and/or exchange, on the terms decided by the Board.

- (iv) It also may be resolved to issue the convertible and/or exchangeable fixed-income securities with a variable conversion or exchange ratio. In this case, the share price for the purposes of the conversion and/or exchange will be the arithmetic mean of the BANKIA share closing prices in the Continuous Market during a period to be determined by the Board of Directors of no longer than three months and no shorter than five calendar days preceding the conversion and/or exchange date, with a premium or, if applicable, a discount on that price per share. The premium or discount may be different for each conversion and/or exchange date of each issue (or, if applicable, for each class of any issue), although no discount fixed on the share price may be greater than 30% of the value of the shares taken as reference in accordance with the above. In addition, a minimum and/or maximum reference price may be set for the shares for purposes of their conversion and/or exchange, on the terms decided by the Board.
 - (v) At the time of the conversion and/or exchange, the fractions of shares payable to the holders of securities will by default be rounded down to the nearest whole number, and each holder, if so provided in the terms of the issue, will receive any resulting difference in cash.
 - (vi) Under no circumstances may the value of the share used to calculate the conversion of securities into shares be lower than its nominal value. Likewise, and as provided in article 415 of the Corporations Act, debentures may not be converted into shares when the nominal value of the debentures is lower than that of the shares.
 - (vii) When an issue of convertible and/or exchangeable bonds or debentures is approved under the authorisation contained in this resolution, the Board of Directors will issue a directors' report developing and specifying the terms and method of the conversion that will apply to that issue on the basis of the criteria indicated above. This report will be accompanied by the relevant report of the independent expert who is not BANKIA'S statutory auditor and who is appointed for this purpose by the Commercial Registry according to article 414 of the Corporations Act.
- f. Terms and procedures for exercise of warrants and similar securities. In the case of issues of warrants, it is resolved to establish the following criteria:
- (i) Issues of warrants will be subject by analogy to the terms of the Corporations Act for convertible debentures. To determine the terms and procedures for their exercise, the Board of Directors is authorised to determine, on the broadest terms, the criteria to be applied to the exercise of the rights to subscribe or acquire shares of BANKIA or of another company in or out of the Group, or a combination of any of the same, that derive from the securities of this kind issued under the authorisation granted here. Those issues will be subject to application of the criteria established in section 5.e) above, with the adaptations needed to make them compatible with the legal and financial rules for securities of this kind.

- (ii) The above criteria will be applicable, mutatis mutandi, and insofar as they are applicable, to fixed income issues (or warrants) exchangeable for shares of other companies. Where applicable, references to Spanish stock exchanges will be understood to be made, where such is the case, to the markets where said shares are traded.
- g. This authorisation to the Board of Directors also includes, by way of illustration and not limitation, delegation to it of the following authority:
 - (i) The authority of the Board of Directors, under the provisions of article 511 of the Corporations Act together with article 417 of that Act, to disapply the preferential subscription rights of shareholders, in whole or in part, up to a combined maximum nominal amount equal to 20% of the share capital. Both capital increases under point six of the agenda, and issues of convertible securities in which there has been a disapplication of preferential subscription rights, will be taken into account in the computation of this maximum. In any event, if the Board of Directors resolves to withdraw shareholders' preferential subscription rights on a specific issue of convertible debentures or bonds, warrants or other similar securities which it may eventually decide to carry out under the terms of this authorisation, it will, at the same time it approves the issue and pursuant to applicable legislation, issue a report detailing the specific reasons of corporate interest which justify said measure, which will be the subject of the pertinent report of the independent expert appointed by the Commercial Registry, other than BANKIA's auditor, in accordance with articles 414, 417 and 511 of the Corporations Act. Said reports will be made available to the shareholders and communicated to the first General Meeting held after the issue resolution.
 - (ii) The authority to increase the capital in the amount needed to execute the requests for conversion and/or exercise of share subscription rights. Said powers may only be exercised insofar as the Board, when calculating the sum of the capital increase to address the issue of convertible debentures, warrants and other similar securities and any other capital increases which may have been agreed pursuant to the approvals granted by this General Meeting of shareholders, does not exceed the limit of half of the total share capital outlined in article 297.1.(b) of the Corporations Act. This authorisation to increase the capital includes the authority to issue and place in circulation, in one or more operations, the shares representing the capital that are needed to carry out the conversion and/or exercise of share subscription rights, as well as to amend the Bylaws article on the capital figure and, if applicable, to cancel that part of the capital increase that proves to not be necessary for the conversion and/or exercise of the share subscription rights.
 - (iii) The authority to develop and specify the bases for calculation and the formats for the conversion and/or exercise of preferential subscription rights and/or acquisition of shares, deriving from the securities to be issued, in accordance with the criteria listed in the foregoing paragraphs.
 - (iv) The delegation to the Board of Directors encompasses the broadest authority required by law for the interpretation, application, execution and development of the resolutions on the issuance of securities convertible into or exchangeable for shares of BANKIA, on one or more occasions, and the accompanying capital increase, similarly granting it powers to correct or

supplement them in any way required, as well as to comply with any requirements imposed by law to implement them successfully, being entitled to correct omissions or defects in said resolutions, identified by any authorities, officials or agencies, whether Spanish or foreign, also being authorised to adopt such resolutions and execute such public or private documents as may be deemed to be necessary or appropriate to adapt the foregoing resolutions on the issuance of convertible or exchangeable securities and the corresponding capital increase to the verbal or written review of the Commercial Registrar, and, in general, of any other competent authorities, officials or institutions domestic or foreign.

- h. Admission to trading.- BANKIA will apply, where appropriate, for admission to trading on official or unofficial secondary markets, organised or over the counter, domestic or foreign, for the convertible and/or exchangeable debentures and/or bonds or warrants issued by BANKIA under this authorisation, with the Board of Directors being given powers as broad as legally required to carry out the formalities and actions needed for the admission to trading before the competent bodies for the various Spanish and foreign securities markets.

It is expressly placed on record that any possible subsequent application for delisting will be carried out with the same formalities as the application for admission to trading, insofar as they apply, and in such event the interests of the shareholders or debentureholders who voted against or did not vote on the resolution will be guaranteed on the terms provided by the applicable laws. It is likewise expressly declared that BANKIA submits to the rules that exist or which may in the future be dictated on securities exchange matters and, especially, on trading, continuation of listing and delisting.

- i. Guarantee of issues of convertible and/or exchangeable fixed income securities or warrants by controlled companies. Under the provisions of the Bylaws, the Board of Directors also is authorised to extend BANKIA's guarantee, within the limits indicated above, to new issues of convertible and/or exchangeable fixed income securities or warrants by controlled companies while this resolution is in effect.
- j. Delegation authority. The Board of Directors in turn is expressly authorised to delegate the authority referred to in this resolution under the provisions of article 249.bis.l) of the Corporations Act.

This delegation of authority to the Board of Directors replaces the delegation granted by the General Meeting of Shareholders of the Company held on 22 April 2015, which will therefore be rendered void.

- 8. Delegation to the Board of Directors of authority to issue debentures, bonds and other straight fixed income securities (including, inter alia, mortgage notes (*cédulas*) and commercial notes (*pagarés*)), warrants and instrument not convertible, up to a maximum of thirty billion (30,000,000,000) euros and commercial notes up to a maximum of fifteen billion (15,000,000,000) euros, within the limits and in compliance with the requirements established in the Corporations Act, for a maximum term of 5 years after adoption of this resolution.**

Without prejudice to the Bylaws amendments proposed under point 4 of the agenda, which provides that the authority to resolve the issue and admission to trading of debentures (non-convertible and which do not entitle the debentureholders to share in

the corporate profits) is to rest with the Board of Directors, which as provided in said proposal is conditional on attainment of the administrative authorisation referred to in article 10.1 of Royal Decree 84/2015 of 13 February 2105, which implemented Law 10/2014 of 26 June on regulation, supervision and solvency of credit institutions, it is resolved to delegate to the Board of Directors, pursuant to article 319 of the Commercial Registry Regulations and to the general rules governing debenture issues, and to the Bylaws, the authority to issue marketable securities in accordance with the following conditions:

- a. Securities to be issued. The negotiable securities referred to in this delegation may be straight bonds or debentures (senior or subordinated of any rank), commercial notes, mortgage notes, warrants and other fixed income securities of a similar kind.
- b. Term. The issuance of the securities under this authorisation may be carried out in one or more issues within a maximum term of five years reckoned from the date this resolution is adopted.
- c. Maximum amount of delegation:
 - (i) The total maximum amount of the issue or issues of straight bonds or debentures and other fixed income securities of a similar kind (other than commercial notes) that are resolved under this delegation will be thirty billion (30,000,000,000) euros or its equivalent in other currencies.
 - (ii) In turn, the outstanding balance of the commercial notes issued under this delegation may not at any time exceed fifteen billion (15,000,000,000) euros or its equivalent in other currencies. This limit is independent of the provisions of subparagraph (i) above.
- d. Scope of the delegation.- The authorisation to issue securities referred to in this resolution will extend, as broadly as required under law, to the establishment of the different aspects and conditions of each issue (nominal value, issue price, redemption price, currency of issue, form of representation, interest rate, redemption, subordination clauses, issue guarantees, place of issue, law applicable thereto, if any, bondholder syndicate's establishment of internal rules and appointment of trustee, in the case of straight debentures or bonds, if required, admission to trading, etc.) and the taking of such steps as may be necessary, including in accordance with the applicable securities market regulations, to implement the specific issues resolved to be made pursuant to this delegation.
- e. Admission to trading. BANKIA will apply, where appropriate, for admission to trading on official or unofficial secondary markets, organised or over the counter, domestic or foreign, for the securities issued by BANKIA under this authorisation, with the Board of Directors being given powers as broad as legally required to carry out the formalities and actions needed for the admission to trading before the competent bodies for the various Spanish and foreign securities markets.

It is expressly placed on record that any possible subsequent application for delisting will be carried out with the same formalities as the application for admission to trading, insofar as they apply, and in such event the interests of the shareholders or debentureholders who voted against or did not vote on the resolution will be guaranteed on the terms provided by the applicable laws. It is likewise expressly declared that BANKIA submits to the rules that exist or which may in the future be dictated on securities exchange matters and, especially, on trading, continuation of listing and delisting.

- f. Guarantee of issues of securities by controlled companies. Under the provisions of the Bylaws, the Board of Directors also is authorised to extend BANKIA's guarantee, within the limits indicated above, of new issues of securities by controlled companies while this resolution is in effect.
- g. Delegation authority. The Board of Directors in turn is expressly authorised to delegate the authority referred to in this resolution under the provisions of article 249.2 of the Corporations Act.

This delegation of responsibilities to the Board of Directors replaces the one conferred at the General Meeting of Shareholders of the company held on 22 April 2015, which will therefore be rendered void.

9. Authorisation enabling the derivative acquisition by the Board of Directors of own shares of the Company subject to the limits and to the requirements established by the Corporations Act. Delegation within the Board of Directors of the authority to execute this resolution.

Authorise the Board of Directors, on the broadest possible terms, to acquire own shares of BANKIA, directly or through companies in its Group, subject to the following limits and requirements:

- a. Forms of acquisition: acquisition by way of purchase, by way of any other "inter vivos" act for consideration or any other transaction permitted by law, including out of profits for the fiscal year and/or unrestricted reserves.
- b. Maximum number of shares to be acquired: the acquisitions may be made, from time to time, on one or more occasions, up to the maximum permitted by law.
- c. The price or consideration will vary from a minimum equal to the lesser of nominal value or 75% of the stock market price on the date of acquisition, and a maximum equal to up to 5% more than the maximum price achieved by the shares in free trading (including the block market) in the Continuous Market session on the date of acquisition.
- d. Duration of the authorisation: five (5) years from the date of this resolution.

The conduct of these transactions will furthermore be in compliance with the rules in this regard contained in the BANKIA Internal Code of Conduct.

To authorise the Board of Directors so that it may sell or redeem the shares acquired or use the own shares acquired, in whole or in part, for implementation of remuneration schemes that have delivery of shares or option rights on shares as their purpose or result therein, in accordance with the provisions of article 146.1.a) of the Corporations Act.

This delegation of authority to the Board of Directors replaces the delegation granted by the General Meeting of Shareholders of the Company held on 22 April 2015, which will therefore be rendered void.

The Board of Directors is authorised, on the broadest terms, to use the authorisation covered by this resolution for full implementation and development thereof, being entitled to delegate this authority, without distinction, to the Executive Chairman, to any of the directors, to the General Secretary and to the Board Secretary or any other person the Board expressly authorises for this purpose, with such breadth as it deems to be appropriate.

10. Delegation of authority to the Board of Directors, with authority to subdelegate, for the formal execution, interpretation, correction and implementation of the resolutions adopted at the General Meeting.

To delegate to the Board of Directors, which may subdelegate without distinction to the Chairman of the Board of Directors, any of the directors, the General Secretary and the Secretary of the Board of Directors, as broadly as may be necessary in law, so that any of them, indistinctly, may formalise, interpret, develop, correct and arrange for attestation as a public document of the resolutions adopted at this Meeting, in particular to proceed with filing with the Commercial Registry, for deposit therewith, of the certification of the resolutions approving the annual accounts and application of the result, attaching such documents as may be legally required as well as executing such public or private documents as may be necessary until obtaining the corresponding registration of the resolutions adopted in the Commercial Registry, including requests for partial registration, including with authority for correction or rectification in light of the verbal or written review undertaken by the Registrar.

11. Submission for consultative vote of the annual report on remuneration of members of the Bankia Board of Directors.
